

Gwalia Housing Scheme

Case Study

UK's Original Solar System Manufacturer Based in Scotland

Project Overview

The Gwalia Housing Scheme project was the first ever large scale solar thermal installation on a housing estate in the UK.

As well as designing and manufacturing the solar hot water system AES managed the installation and logistics of the project. Through pioneering work on large scale solar thermal systems such as Gwalia AES have the experience to take on any projects of any size or complexity.

Technical Overview

Client	Tai Cumria
Array Size	110 systems of 3.3m ² and 4.4m ²
Performance	314,216 kWh / year
CO ₂ Savings	59,701 - 135,113 kg CO ₂ /year

AES offer solar thermal systems to suit any hot water application including single residences, multiple housing projects, swimming pools, apartment and office blocks, hospitals and industrial high volume water users.
