

Kingswood Sheltered Housing Case Study

UK's Original Solar System Manufacturer Based in Scotland

Project Overview

The application of a solar thermal system to the Kingswood Sheltered Housing scheme was ideal as there is a large and constant demand for a hot water throughout the year.

When built the Kingswood Sheltered Housing scheme system was the largest solar thermal system in the UK. AES were involved with the main contractor from the planning stage and so were able to arrange the design and installation to fit around the construction schedule.

Technical Overview

Client	Aberdeen City Council
Array Size	124m ²
Performance	79,456 kWh/year
CO ₂ Savings	15,096 - 34,166 kg CO ₂ /year

AES offer solar thermal systems to suit any hot water application including single residences, multiple housing projects, swimming pools, apartment and office blocks, hospitals and industrial high volume water users.
